

Sports Premium: Proposed Use and Intended Impact 2023-2024

Thanks to government funding through the sugar tax, all schools across the country will receive a straight doubling of the Sports Premium funding. For Abbey, this means we will receive a total of **£1,610.00**- broken down this is a £16,000 flat payment added to our pupils on roll between key stages 1 and 2 (**561**) multiplied by **£10** (£5,610). The main aim of this money is to fund improvements to the provision of P.E and sport, for the benefit of primary aged pupils.

Through the effective use of the Sports Premium we aim to see continued improvements against the following 5 key indicators:

1. the engagement of all pupils in regular physical activity – kick-starting healthy active lifestyles
2. the profile of PE and sport being raised across the school as a tool for whole school improvement
3. increased confidence, knowledge and skills of all staff in teaching PE and sport
4. broader experience of a range of sports and activities offered to all pupils
5. increased participation in competitive sport

As a school, our main aims for this academic year's funding are to:

- Raise the profile of PE throughout the school and enhance student and parental understanding of the importance of physical and mental well-being through linking physical education lessons and Physical activity opportunities with physical wellbeing and mental health
- Ensure the quality of P.E teaching is of good or better teaching standard across all key stages. Upskill colleagues' delivery of physical education lessons to ensure that PE teaching across all key stages is of a high teaching standard
- Increase the opportunities for students to engage in after school clubs, broadening participation in competitive sport through the medium of online competition and inter-competitions.
- Continue to enhance provision for students to be active during the school day through continued investment in playtime opportunities and timetable physical activity periods each day.

As a school our aim and purpose through P.E is to ensure we improve every child's sporting chance and will be focusing on all aspects of physical education. We will be focusing on the child's: physical, technical, psychological and social approach to sport and how we can ensure their health and well-being is the best it can be. We passionately believe that children should have competitive opportunities for sport but should also foster a sporting appetite which will see them to a healthy future.

Academic Year: 2023/24		Total fund allocated: £21,610.00
