Neurodiversity Celebration

Neurodiversity Celebration Week is about celebrating the strengths and talents of people who think and learn differently.

Many people who have ADHD, autism, dyslexia, dyspraxia or Tourette Syndrome and experienced challenges in school, are now very successful. People like Billie Eilish, Richard Branson and Maggie Aderin-Pocock, Space Scientist

Many say their success is because of their unique way of thinking!

International Travel & Term time Holidays

We urge parents to prioritise their children's future by continuing to avoid any term time holidays or requests for these. As parents, and as a school and we must protect the future of our children and; as such, no leave will be granted for medical treatments, weddings, visiting relatives, etc. during term times. Parents must ensure that these visits take place during the 13 weeks of school holidays each year. We know that this sometimes does not match with the plans of relatives abroad so it is vital that you discuss term dates with those abroad so that they know when you will not be able to attend.

Please take a few minutes to look at the TMET Attendance Policy on the school website for detailed information about term time leave
